# COMCIT ELITE

Crystal Clear's most intensive skin rejuvenation treatment yet!

A cutting edge treatment that promotes new collagen through a series of different treatments including Cryo-oxygen and Micro channelling. The results are incredible skin!

Skin is firmer, lines and wrinkles are plumped out. COMCIT is also fantastic at treating pigmentation and Acne prone skins.

## COMCIT ELITE : FACE

### COMCIT ELITE FACIAL TREATMENTS

£90 : £100

Maintenance price after five facials

£80 : £85

### THE FROZEN FACIAL

The most effective and advanced skin rejuvenation treatment yet, tackling lines and wrinkles. Enjoy a gentle exfoliation, followed by our ground-breaking COMCIT treatment, using Cryo-Oxygen and Micro Rollers to infuse the skin with a potent Infusion, tailored to tackle your skins concerns and stimulate collagen production. Then lie back while your therapists applies a Crystal Clear face mask to suit your skin type, giving you an extra hit of hydration, firming and lifting.

### ACNE TARGETING

The power of Cryo-Oxygen works its magic on problem skins offering anti-bacterial properties while the micro-channels created during treatment allow the powerful Blemish Defense infusion to be delivered deep into the skin where it decreases sebum production and inhibits the bacteria responsible for acne-linked infection. This proactive treatment stimulates the synthesis of the epidermal cells, reducing redness and inflammation, allowing skin to take on a whole new radiance.

### CLEAR AND BRIGHT

Our pigmentation-diminishing facial uses powerful skin/lightening actives to tackle pigmentation and uneven skin tone. The infusion is packed with a unique and powerful active skin-lightening ingredient (Neurolighta) proven to help rebalance uneven skin tone. The actives are transported into the skin through the micro-channels - enabling them to reduce melanin synthesis at a cellular level and tackle the problem at source (Results can be seen even after the first treatment: however, to treat pigmentation a course is recommended).

## COMCIT ELITE : FACE

### H2O GLOW

Achieve red carpet results with no down time with Crystal Clear's most intensive hydration treatment yet. The H2O Glow facial delivers freezing cold oxygen throughout the epidermis to nourish and invigorate skin cells, while the COMCIT roller allows Hyaluronic Acid to reach deeper into the skins dermal layers via micro-channels, plumping and rebalancing the skin from the inside out. The result is brighter, fresher hydrated skin that glows with a youthful radiance.

### COMCIT STRETCH MARK & SCAR TREATMENT

COMCIT technology is used to painlessly break down scar tissue and encourage collagen production to visibly reduce stretch marks and scarring.
